

Safeguarding and Child Protection Policy

Introduction

Kids Club Ely Ltd & St John's Pre School fully recognises the responsibility to have arrangements in place to safeguard and promote the welfare of all children.

Through their day to day contact with children and direct work with families, staff at the setting have a crucial role to play in noticing indicators of possible abuse or neglect and in referring them to Social Care (Designated Safeguarding Lead to refer).

Our policy applies to all staff, paid and unpaid, working in the setting, including volunteers, all of whom have a vital role in safeguarding children. Concerned parents may also contact the setting's Designated Safeguarding Lead.

This policy sets out how the setting complies with statutory responsibilities relating to safeguarding and promoting the welfare of children who attend the setting.

We recognise that high self-esteem, confidence, supportive friends and good lines of communication with a trusted adult help to protect children. The setting will therefore:

- Establish and maintain an ethos where children feel secure, are encouraged to talk, and are actively listened to.
- Ensure children know that there are adults in the setting whom they can approach if they feel worried or in difficulty.

We will follow the Cambridgeshire and Peterborough Safeguarding Children Partnership Board (CPSCB) procedures. The setting has regard for Working Together to Safeguard Children 2018 and What to Do if You are Worried a Child is Being Abused 2015 (Department for Education).

Designated Safeguarding Lead's in our setting:

Name: Sam Burns

Name: Katrina Wodehouse

Our setting will:

- Ensure a DSL is available at all times when the setting is open, and where possible on site at all times (to be able to access relevant records and take the necessary action).

- Ensure there are contingency arrangements should the DSL not be available (another DSL will be on site or contactable at all times).
- Ensure that all DSLs in the setting refresh their training every two years. In addition to the formal training DSLs knowledge and skills will be refreshed regularly and at least annually. This may be via the DSL Knowledge Hub.
- Networks (CPINS) and the EY Safeguarding Conference or Cambridgeshire and Peterborough Safeguarding Children Partnership Board (CPSCB) training.
- Recognise the importance of the role of the DSL and ensure they have the time and training to undertake their duties.
- Ensure that the DSL knows how to contact Children's Social Care and the Early Help Hub.

The roles of staff and management

The setting will ensure every member of staff knows:

- The names of the DSLs and what their role includes.
- How to record and pass on concerns about a child.
- That they have an individual responsibility for referring child protection concerns to relevant agencies and within the timescales set out in CPSCB procedures if there is no DSL present and/or they feel the child remains at risk of harm.

All staff and volunteers will receive a safeguarding briefing at induction. All staff, volunteers and directors will receive regular updates on safeguarding (at least annually).

The setting will ensure that all staff attend basic child protection training every three years as a minimum and within 6 weeks of starting work at the setting. Training will contain details of the local safeguarding procedures within Cambridgeshire and enable staff to identify signs of possible abuse and neglect at the earliest opportunity and to respond to these in a timely and appropriate way.

Signs and Indicators may include:

- Significant changes in children's behaviour.
- Deterioration in children's general well-being.
- Unexplained bruising, marks, injuries or other signs of abuse or neglect.
- Children's comments during their play or otherwise which give cause for concern.
- Pattern of absences or frequent absences.

- Any other reasons to suspect neglect or abuse outside the setting for example in the child's home.
- Inappropriate behaviour displayed by other members of staff or any other person working with the children.

Liaison with other agencies

The setting will:

- Work to develop effective links with relevant services to promote the safety and welfare of all children.
- Co-operate as required, in line with Working Together to Safeguard Children 2023, with key agencies in their enquiries regarding child protection matters including attendance and providing written reports at child protection conferences and core groups.
- Notify the relevant Social Care Unit immediately if there is an unexplained absence or there is any change in circumstances to a child who is subject to a Child Protection Plan.
- Respond to requests for information about children in the setting's care from the Education Navigator at the MASH or a Social Worker in an Assessment Team in a timely manner.
- Link with DSLs in other settings and schools where we share families.

Record keeping

The setting will keep clear, detailed written records of concerns about children's welfare using the Log of Concern Form. Records will be kept in individual child welfare files. Records will be stored securely and confidentially.

Parents do not have an automatic right to access child welfare records and consideration will be given as to what the consequences of information sharing might be. Unless it would place the child at risk of significant harm, parents will be informed that a Log of Concern Form has been completed, where it will be stored and what will happen to it when the child leaves the setting.

When a child leaves or moves to another setting.

Their individual child welfare file will be transferred to the receiving school or setting using the following protocol:

- The file will be marked 'Confidential, Addressee Only' and sent to the DSL, if known, of the receiving setting/school. The file will be delivered by hand if possible; otherwise sent by delivery that can be tracked and signed for.
- The setting will contact the receiving setting/school by telephone to make them aware that there is a child welfare file and, once sent, ask them to confirm as soon as possible that they have received the file. The setting will keep a record that the file has been received in order to be able to identify its location.

- Parents will be made aware that child welfare records will be transferred, unless this would place the child at risk of acute harm.
- The setting will not keep a copy of transferred records, unless there are younger siblings for whom there are similar concerns about, but will keep a record of the current file location and date the file was transferred.
- If individual child welfare files cannot be transferred for any reason, the setting will archive them for 25 years from the child's date of birth.
- All actions and decisions will be led by what is considered to be in the best interests of the child.

Confidentiality and information sharing

Information sharing is essential for effective safeguarding and promoting the welfare of children and young people. The DP will read and follow the the Department for Education (DfE) Guidance 'Information sharing - Advice for practitioners providing safeguarding services to children, young people, parents and carers' – May 24

Fears about sharing information will not be allowed to stand in the way of the need to safeguard and promote the welfare of children at risk of abuse or neglect. The General Data Protection Regulation (GDPR) and Data Protection Act 2018 do not prevent, or limit, the sharing of information for the purposes of keeping children and young people safe:

- 'information will be shared legally without consent, if the DSL or a member of staff is unable to or cannot be reasonably expected to gain consent from the individual, or if to gain consent could place a child at risk.'
- 'relevant personal information will be shared lawfully if it is to keep a child or individual at risk safe from neglect or physical, emotional or mental harm, or if it is protecting their physical, mental, or emotional well-being.'

(Information Sharing)

What information will be shared?

When taking decisions about what information to share, the DSL will consider how much information they need to release and the impact of disclosing information on the information subject and any third parties. Information should be proportionate to the need and level of risk.

Only information that is relevant to the purposes will be shared with those who need it. This allows others to do their job effectively and make informed decisions.

Information sharing decisions must be recorded, whether or not the decision is taken to share. If the decision is to share, reasons should be cited including what information has

been shared and with whom. If the decision is not to share, the DSL will record the reasons for this decision and discuss them with the person requesting the information.

If a child discloses information that may indicate that they are at risk of abuse or neglect, the staff member will be clear that they cannot promise to keep the information a secret. The staff member will be honest to the child and explain that it will be necessary to tell someone else in order to help them and to keep them safe.

Communication with Parents

The setting will:

- Undertake appropriate discussion with parents prior to involvement of another agency, unless the circumstances may put the child at further risk of harm.
- Contact Children's Social Care first if the setting believes that notifying parents about a safeguarding concern may place the child or another person at immediate risk of harm or prejudice the prevention or detection of crime. Further guidance on this can be found in the "Cambridgeshire Threshold Document: Continuum of Help and Support"
- Ensure that all parents/carers have an understanding of the responsibility placed on the setting and staff for safeguarding and child protection by ensuring that they receive a copy of this policy when registering their child at the setting.
- Record on the log of concern form what discussions have taken place with parents and if a decision was made not to discuss the matter with parents, the reason why not (circumstances may include if the DSL is unable to or cannot be reasonably expected to gain consent from the individual, or if gaining consent could place a child at risk of harm such as potential physical or sexual abuse).

Supporting Children

We recognise that children who are abused or witness abuse may find it difficult to develop a sense of self-worth and trust those around them. Some children may adopt inappropriate or abusive behaviours and that these children may be referred on for appropriate support and intervention.

The setting will support children through:

- Activities to encourage self-esteem, self-motivation and resilience.
- An ethos that actively promotes a positive, supportive and secure environment that values people.
- A behaviour policy aimed at supporting all children. All staff will agree on a consistent approach, which focuses on the behaviour of the child but does not damage the child's sense of self-worth. The setting will ensure that the child knows that some behaviour is

unacceptable but she/he is valued and not to be blamed for any abuse which has occurred.

- Liaison with other agencies which support the child and family such as Children's Social Care and District Teams.
- A commitment to develop partnerships with parents.
- Recognition that children living in a home environment where there is domestic abuse/violence, mental ill-health or substance misuse may be vulnerable and in need of support and protection.
- Monitoring children's welfare, keeping records and seeking advice or making a referral to other agencies, e.g. Children's Social Care, when necessary.

Children of Parents/Carers Misusing Drugs and/or Alcohol

Misuse of drugs and/or alcohol is strongly associated with the risk of significant harm to children, particularly when combined with other features such as domestic violence.

If the setting has concerns about drug and/or alcohol abuse by a child's parents/carers they will follow appropriate procedures. This is particularly important if the following factors are present:

- Use of the family resources to finance the parent's dependency, characterised by inadequate food, heat and clothing for the children
- Children exposed to unsuitable caregivers or visitors, e.g. customers or dealers
- The effects of drugs and/or alcohol leading to an inappropriate display of sexual and/or aggressive behaviour.
- Chaotic drug and/or alcohol use leading to emotional unavailability, irrational behaviour and reduced parental vigilance
- Disturbed moods as a result of withdrawal symptoms or dependency
- Unsafe storage of drugs and/or alcohol or injecting equipment
- Drugs and/or alcohol having an adverse impact on the growth and development of the unborn child.

Domestic Abuse

The Domestic Abuse Act 2021 introduces the first ever statutory definition of domestic abuse and recognises the impact DA has on children.

The setting recognises that where there is Domestic Abuse in a family, the children/young person will always be affected; the longer the violence continues, the greater the risk of

significant and enduring harm, which they may carry with them into their adult life and relationships.

Our setting is working in partnership with the Police and Cambridgeshire County Council (CCC) to identify and provide appropriate support to children who have experienced domestic abuse; this scheme is called Operation Encompass.

In order to achieve this, CCC's Education Safeguarding Team will share police information of all domestic abuse incidents, where one of the children attending our setting was present, with one of our DSLs. On receipt of any information, the DSL will consider the appropriate support for the child.

The Operation Encompass information is stored in line with all other confidential safeguarding and child protection information. All information sharing and resulting actions will be undertaken in accordance with the 'Cambridgeshire and Peterborough *Joint Agency Protocol for Domestic Abuse – Notifications to Schools, Colleges and Early Years settings*'.

Summary: Domestic Abuse

Where there are concerns regarding Domestic Abuse, the member of staff must log the concern and pass to the DSL who will seek advice from the relevant agencies and follow child protection procedures.

Children with Special Educational Needs and/or Disabilities (SEND)

We recognise that, statistically, children with additional needs, special educational needs, emotional and behavioural difficulties and disabilities are most vulnerable to abuse. Setting staff who deal with children with complex and multiple disabilities and/or emotional and behavioural problems should be particularly sensitive to indicators of abuse.

Children with communication difficulties are also vulnerable to abuse because they are unable to express themselves to others. Instead such children will often exhibit changes in behaviours or signs and indicators of abuse. Staff will be trained to recognise these indicators.

Where necessary, the setting will seek advice from other professionals and specialist services and provide additional training to staff in the use of Makaton or other communication systems.

Peer on Peer Abuse and Sexual Violence/Harassment between Peers

Children and young people may be harmful to one another in a number of ways which would be classified as peer on peer abuse. Peer on peer abuse can include:

- Bullying (including cyberbullying)
- Physical abuse such as hitting, kicking, shaking, biting, hair pulling
- Sexual bullying
- Being coerced to send sexual images (sexting)
- Sexual assault
- Teenage relationship abuse
- Upskirting

The setting recognises that sexual violence and sexual harassment can occur between two children of any age and sex. Sexual violence may include rape, assault by penetration or sexual assault. Sexual harassment refers to 'unwanted conduct of a sexual nature', such as sexual comments, sexual taunting or physical behaviour such as deliberately brushing against someone. Online sexual harassment may include non-consensual sharing of sexual images and videos, sexualised online bullying, unwanted sexual comments and messages, sexual exploitation, coercion and threats.

The setting will:

- Be clear that peer on peer abuse, sexual violence and sexual harassment will not be tolerated.
- Provide training for staff on how to manage a report of peer on peer abuse, sexual violence or sexual harassment.
- Make decisions on a case-by-case basis.
- Reassure victims that they are being taken seriously, offer appropriate support and take the wishes of the victim into account when decision making.
- Implement measures to keep the victim, alleged perpetrator and if necessary other children and staff members, safe. Record any risk assessments and keep them under review.
- Give consideration to the welfare of both the victim(s) and perpetrator(s) in these situations
- Liaise closely with external agencies, including police and social care, when required.

Summary: Peer on Peer Abuse

If there is any indication that a child has suffered from peer on peer abuse, sexual violence or sexual harassment between peers, the child protection procedures outlined in this policy must be followed.

Prevention of Radicalisation

In 2010 the Government published the Prevent Strategy. This highlighted the need to safeguard children, young people and families from violent extremism and radicalisation.

Kids Club Ely Ltd recognises that children and young people are vulnerable to extremist ideology and radicalisation and that protecting children from this risk forms part of the setting's safeguarding procedures.

Staff are required to be alert to changes in children's behaviour which could indicate they need help or protection. The directors and manager will ensure that all staff have undertaken Prevent online training which is refreshed every 2 years.

See also 'The Prevent Duty, safeguarding learners vulnerable to radicalization (2023) and Prevent Duty Guidance: for England and Wales,' HM Government (2024)

Summary: Prevention of Radicalisation

If there are concerns that a child, young person or adult may be at risk of radicalisation, exploitation or involvement in terrorism, the member of staff should log the concern and pass it to the DSL. The DSL will seek the appropriate advice and make a Prevent referral if required.

Children at Risk of Child Sexual Exploitation (CSE)

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

(Child Sexual Exploitation, Definition and Guide: DFE, 2017)

Sexual exploitation can take many different forms from the seemingly 'consensual' relationship to serious organised crime involving gangs and groups. Potential indicators of sexual exploitation will be addressed within staff training, including raising awareness with staff that some young people who are being sexually exploited do not show any external signs of abuse and may not recognise it as abuse. Staff will follow the procedures outlined in this policy if concerns of child sexual exploitation arise.

Children at Risk of Criminal Exploitation

Criminal exploitation of children is a form of harm that is a typical feature of county lines activity. Drug networks or gangs exploit children and young people to carry drugs and money from urban areas to suburban and rural areas. Exploitation can occur even if activity appears to be consensual.

The setting will address indicators of Child Criminal Exploitation with staff through training. Staff will follow the procedures outlined in this policy if concerns of criminal exploitation arise.

The DP will complete the Safeguarding Partnership Board Exploitation Risk Assessment and Management Tool and refer to Children's Social Care if there is a concern that a young person may be at risk of criminal exploitation.

Summary: CSE or Criminal Exploitation

If CSE or Criminal Exploitation is suspected the member of staff must complete a Log of Concern form and pass it immediately to the Designated Person who should follow safeguarding procedures and refer to Children's Social Care.

Children at risk of 'Honour- Based' Violence including Female Genital Mutilation

So called 'honour-based' violence encompasses incidents which have been committed to protect or defend the honour of the family and/or community, including breast ironing, female genital mutilation (FGM) and forced marriage. The setting takes these concerns seriously and staff are made aware of the possible signs and indicators that may alert them to the possibility of HBV through training. Staff are required to treat all forms of HBV as abuse and follow the procedures outlined in this policy.

FGM is a procedure involving the partial or total removal of the external female genitalia or other injury to the female genital organs. FGM is illegal in the UK. Any indication that a child is at risk of FGM, where FGM is suspected, or where the woman is over 18, will be dealt with under the child protection procedures outlined in this policy. Staff will report concerns to the DP, who will make appropriate and timely referrals to social care. In these cases, parents will not be informed before seeking advice and the case will still be referred to social care even if it is against the child or young person's wishes.

In accordance with the Female Genital Mutilation Act, it is a statutory duty for professionals to report 'known' cases of FGM in under-18s which they identify in the course of their professional work to the police.

Summary: Honour Based Violence

If there is a concern about a child in relation to Honour Based Violence (including FGM) the member of staff must log the concern immediately and pass it to the DSL who will contact Children's Social Care and the Police.

Children with Family Members in Prison

The setting is committed to supporting children and young people who have a parent or close relative in prison and will work with the family to find the best ways of supporting the child.

The setting recognises that children with family members in prison are at risk of poor outcomes including: poverty, stigma, isolation, poor mental health and poor attendance.

The setting will treat information shared by the family in confidence and it will be shared on a 'need to know' basis.

The setting will work with the family and the child to minimise the risk of the child not achieving their full potential.

Privately Fostered Children

Private fostering is when a child under the age of 16, (under 18 if disabled) is provided with care and accommodation by a person who is not a parent, person with parental responsibility for them or relative in their own home for 28 days or more.

The setting will follow the mandatory duty to inform the Local Authority of any 'Private Fostering' arrangements and refer to the Specialist Fostering Team.

Young Carers

The setting recognises that children who are living in a home environment which requires them to act as a young carer for a family member or a friend, who is ill, disabled or misuses drugs or alcohol can increase their vulnerability and that they may need additional support and protection.

The setting will: seek to identify young carers; offer additional support internally; signpost to external agencies; be particularly vigilant to the welfare of young carers and follow the procedures outlined in this policy, referring to Early Help/Targeted Support or Social Care as required if concerns arise.

Online Safety

It is important that children and young people receive consistent messages about the safe use of technology and are able to recognise and manage the risks posed in both the real and the virtual world.

Terms such as 'e-safety', 'online', 'communication technologies' and 'digital technologies' refer to all fixed and mobile technologies that adults and children may encounter, now and in the future, which allow them access to content and communications that could raise issues or pose risks to their well-being.

The issues can be categorised into three areas of risk:

- **Content** – being exposed to illegal, inappropriate or harmful material
- **Contact** – being subjected to harmful online interaction with other users

- **Conduct** – personal online behaviour that increases the likelihood of, or causes, harm
- **Commerce** – risks such as online gambling, inappropriate advertising, phishing and /or financial scams

Best practice:

- **Whole setting approach** – staff recognise and are aware of e-safety issues and the management team make online safety a priority.
- **Policies** – online safety policies and procedures are in place and implemented.
- **Monitoring and evaluation** – risk assessment is taken seriously and used to promote online safety. There are appropriate filters and monitoring systems in place to protect children from harmful online material.
- **Management of Personal Data** – data is managed securely and in accordance with the requirements of the Data Protection Act.

Promoting a protective ethos

Kids Club Ely Ltd will create an ethos in which children feel secure, their viewpoints are valued, they are encouraged to talk and they are listened to. This will be achieved in the following ways:

- All staff, including the DSL's, are trained regularly to ensure skills and knowledge are up-to-date.
- Staff know how to respond to child protection concerns.
- Contribution to an inter-agency approach to child protection by working effectively and supportively with other agencies.
- Raising children's awareness and actively promoting self-esteem building, so that children have a range of strategies and contacts to ensure their safety.
- Using personal safety programmes, such as Protective Behaviours and the NSPCC PANTS campaign.
- Working with parents to build an understanding of the setting's responsibility to the welfare of the children.
- Ensuring the relevant policies are in place, i.e. the use of mobile phones and cameras, behaviour management, intimate care, whistle-blowing, social networking.
- Being vigilant to the inappropriate behaviour of staff or adults working with children and ensuring that all staff and volunteers know the allegations procedure.
- Staff acting as positive role models to children and young people.
- Ensuring DSLs keep themselves up to date with safeguarding concerns in the local area and disseminates this to the staff as relevant.
- Ensuring staff are aware of the need to maintain appropriate and professional boundaries in their relationships with children and parents/carers in line with our setting's staff code of conduct/behaviour policy.

Preventing unsuitable people from working with children and young people

The setting has a duty to ensure that people looking after children are suitable to fulfil the requirements for their role. The setting will follow safer recruitment practices including verifying qualifications and ensuring appropriate DBS and reference checks are undertaken before staff begin their employment.

Summary: Suitability to work with children

Staff are expected to disclose any convictions, cautions, court orders, reprimands and warnings which may affect their suitability to work with children (whether received before or during their employment at the setting).

These members of staff have undertaken Safer Recruitment training:

Cathy Price, Nicola Ann Turner, Sam Burns

Whistleblowing

The setting has a separate whistle-blowing policy which aims to help and protect both staff and children by:

- Preventing a problem getting worse;
- Safeguarding children and young people;
- Reducing the potential risks to others.

The earlier a concern is raised, the easier and sooner the setting can take action.

The responsibility for expressing concerns about unacceptable practice or behaviour rests with all staff, students and volunteers.

The setting will ensure staff are aware of the setting whistleblowing procedures and must ensure all staff feel able to raise concerns about poor or unsafe practice and know that such concerns will be taken seriously by managers.

Allegation against a person who works or volunteers with children:

An allegation may relate to a person who works or volunteers with children who has:

- behaved in a way that has harmed a child, or may have harmed a child
- possibly committed a criminal offence against or related to a child
- behaved towards a child or children in a way that indicates they may pose a risk of harm to children

If an allegation is made against a person who works or volunteers with children, the following action will be taken (as 'Allegation against a person who works or volunteers with children' flowchart and guidance):

- The setting will ensure the immediate safety of the children.
- The setting will **not** start to investigate but will immediately contact the Local Authority Designated Officer (LADO): 01223 727967.
- If the LADO decides the matter is a child protection case, external/internal agencies (e.g. police) will be informed by the LADO and the setting will act upon the advice given to ensure that any investigation is not jeopardised.
- The setting will notify Ofsted of a significant event.
- It may be necessary for the employer to suspend the alleged perpetrator. Suspension is a neutral act to allow a thorough and fair investigation.
- If it is agreed that the matter is not a child protection case, the setting will investigate the matter themselves

Kids Club Ely Ltd will ensure that any disciplinary proceedings against staff relating to child protection matters are concluded in full even when the member of staff is no longer employed at the setting and that notification of any concerns is made to the relevant agencies, the Disclosure and Barring Service (DBS) and included in references where applicable. For further information, refer to the setting's safer recruitment policy.

Management safeguarding responsibilities

The directors fully recognise their responsibilities regarding safeguarding and promoting the welfare of children. They will:

- Designate a staff member (where applicable) for safeguarding (a 'Safeguarding Officer') who will monitor the setting's child protection policy and practice and champion good practice in relation to child protection and safeguarding.
- Ensure that this policy is annually reviewed in conjunction with the setting's DSLs.
